

McPherson County Drainage Commission
Minutes of Proceeding
June 6th, 2023

The McPherson County drainage board met on Tuesday, June 6th, 2023. Chairman Sid Feickert called the meeting to order at 10:40AM. Members present were Rick Beilke, Sid Feickert, Anthony Kunz and Jeff Neuharth. Others present Glenn Spitzer and Austin Hoffman.

Discussion was held on Drainage permit #23-D-02 submitted by the McPherson County Hwy Dept to install an 18" culvert through the county right of way to help with flooding in the SW corner of the intersection of 327th Ave and 111th Street in the SE1/4 of Section 27 T127N-R73W. Currently the road is pushing the water south due to the lack of culvert. This is causing flooding in the landowner's feedlot and is impacting county road 3. Kunz moved and Beilke seconded to approve permit #23-D-02 as presented. All voted in favor. Motion carried.

Discussion was held on a Drainage permit #23-D-03 submitted by the McPherson County Hwy Dept to allow for drainage to protect the road from water eroding the shoulder of 336th street and 123rd street in the NE1/4 of Section 36 T125N-R72W. Hwy department will excavate material from the section line to allow drainage of the right of way to help save the road and base on 123rd street. Neuharth moved and Kunz seconded to approve permit #23-D-03 as presented. All voted in favor. Motion carried.

At 10:45AM Beilke moved and Neuharth seconded to adjourn the Drainage Commission meeting and resume meeting as the McPherson County Board of Commissioners.

ATTEST:

Lindley Howard

McPherson County Auditor

Sid Feickert

Chairman of the Drainage Commission
